

Big Ideas 3D Printing is bringing manufacturing back to South African people through Additive manufacturing and sale of Industrial 3D Printing technology, creating empowerment as well as productivity. We source or create the most viable manufacturing techniques to suite each specific product for each customer in a variety of Metals, Plastics, Rubbers and Ceramics.

Big Ideas 3D Printing has worked extensively both through the sale of hardware as well as custom manufacturing in the following fields:

- ♦ Automotive
- ♦ Aviation
- ♦ Mining
- ♦ Various Universities
- ♦ Product Development
- ♦ Home & Decor Manufacture
- ♦ Advanced Prototyping (Functional testing and certification)
- ♦ Large volume manufacturing Solutions
- ♦ Marine Manufacturing
- ♦ Agriculture
- ♦ High Specification Electrical Components and Equipment
